

CANNABINOIDS

HANIS#1

Pre 98 Bubba Kush x Haze x Kunduz Afghani

This fusion of Indica genetics with Hybrid elements is bold in looks and flavor. The Bubba definitely makes its presence known. You'll find it in the dark foliage, purple buds, and large calyxes that form "crowns." During flowering this strain looks even more regal, stretching to twice its height and taking on its head dizzying signature scent.
